

Correction to be included in Issue 2 – 2010-07

~~NOTE If the expansion length is large and the expansion is made after the weld, then instead of the factor 0,6 in equation (J.7.3-8) is permitted an increased factor 0,8 ... 1,0.~~

NOTE If the expansion length is large and the expansion is made after the weld, then instead of the factor 0,6 in equation (J.7.3-7) is permitted an increased factor 0,8 ... 1,0.
