

Directive 97/23/CE**Keywords:**

Fluid

Group of fluids

Risk analysis

Directive reference:

Article 9 - 97/23 EC

Adopted by CLAP:

27/01/2005

Subject: Classification – Dangerous substance**Question:**

Article 9 of the pressure equipment directive classifies the fluids in reference to article 2(§2) of the directive 67/548/EEC. Does that mean that substances, which are not listed in Annex I of the above directive shall be classified in Group 2?

Answer:

No
