Directive references:

Annex III - 97/23 EC

Adopted by WPG: 08/11/2000

Adopted by CLAP: 08/11/2000

Subject: Conformity assessment – Different modules for an assembly

Question: Can an assembly be composed of pressure equipment dealt with using different conformity assessment modules?

Answer:

Yes, by application of article 10 § 2a).

By example, the valves can have a module different from that applied to the vessel or the piping system on which they are placed.

Modifications compared to the previous adopted version: copy of guideline 4/6 (08/11/00) and editorial correction on 2004-09-16.
